

Save energy and money with our Indiana electric business programs.

Small Business Energy Solutions (SBES)

Eligibility: SBES is available to small businesses with a monthly electric demand of 400 kilowatts (kW) or less. If you are a nonprofit entity, there is no kW restriction.

Examples of eligible energy-efficient equipment projects:

- Indoor/outdoor energy-efficient lighting
- LED exit signs
- Lighting occupancy sensors
- Refrigerator/freezer efficiencies
- Wi-fi enabled thermostats

Multi-family Energy Solutions (MFES)

Eligibility: Most multi-family buildings, including apartment buildings, condominiums, cooperatives, duplexes, quadraplexes, townhomes, nursing homes and retirement communities, qualify for this program.

Examples of eligible energy-efficient equipment projects:

- Indoor/outdoor energy-efficient lighting
- LED exit signs
- Lighting occupancy sensors
- Thermostats

The process is simple

- Visit CenterPointEnergy.com/SBEScontractors for our list of approved SBES and MFES contractors.
- **Schedule an energy assessment.** A contractor will conduct an energy assessment and identify energy-saving opportunities at your facility. The no-cost, no-obligation assessment includes:
 - A high-level report recommending energy-saving improvements
 - Access to the highest rebates available for CenterPoint business customers
- **Select energy-saving improvements.** Ask your contractor to schedule a follow-up visit to install your improvements.
- **Receive CenterPoint's instant discounts** from your contractor. No waiting for a rebate check or additional forms to complete – you only pay the balance of what you owe after the discounts.
